ΔΡΑΣΗ ΤΟΥ ΠΟΛΙΤΗ

1. Сформулируйте тезисы и аргументы по теме «Препятствия к развитию ИТ в Украине» Укажите 3-4 тезиса 2. Анализ, оценка и обоснование	3. Сформулируйте тезисы и аргументы по теме «Препятствия к развитию ИТ в Украине» Укажите 3-4 тезиса 4. Анализ, оценка и обоснование
---	---

1. <u>Сформулируйте тезисы и аргументы по теме «Препятствия к развитию ИТ в России»</u> Тезисы: ИТ в России не развивается из-за отсутствия государственной поддержки, недостатка квалифицированных кадров, слабой конкуренции и закрытости рынка. Аргументы: Государство не выделяет достаточных средств на развитие ИТ-инфраструктуры. Вузы не готовят специалистов в соответствии с требованиями рынка. Крупные компании не привлекают иностранных инвестиций в ИТ-сектор.	2. <u>Сформулируйте тезисы и аргументы по теме «Влияние ИТ на развитие общества»</u> Тезисы: ИТ способствуют развитию общества, повышая эффективность, создавая новые рабочие места и улучшая качество жизни. Аргументы: ИТ-технологии позволяют автоматизировать процессы, что снижает затраты и повышает производительность. Развитие ИТ создает спрос на специалистов, что стимулирует образование и трудоустройство. ИТ-сервисы улучшают доступ к образованию, медицине и другим социальным услугам.

ETEPKOTPA KИ АНАЛИЗУ НАМ ПОД БИДМ

Овај је документ намењен свим заинтересованим странкама за
 анализу података о продајним резултатима и трендовима. Сваки
 податак је детаљно обрађен и представља кључну информацију
 за доношење одлука.

1. Увод

Овај документ представља прелиминарну анализу података о продајnim резултatima за последnjih 12 месеци. Циљ је истражити trendove i otkriti potencijalne probleme u poslovanju.

2. Metode

Podaci su prikupljeni iz različitih izvora, uključujući interne sisteme i vanjske istraživačke agencije. Analiza je sprovedena koristeći statističke metode i vizuelne prikaze.

3. Rezultati

Glavni rezultati analize pokazuju da postoji značajna promena u ponašanju potrošača. Najveći deo prihoda dolazi iz određenih kategorija proizvoda, dok se drugi deo odnosi na usluge.

4. Zaključak

Na osnovu dobijenih podataka, može se zaključiti da je potrebno preduzeti određene mere kako bi se poboljšala efikasnost poslovanja i zadovoljstvo klijenata.

[illegible][illegible]

The written word is a powerful tool. It can be used to inform, to persuade, to entertain. It can be used to create a world of its own.

[illegible]

The **United Nations Environment Programme (UNEP)** was established in 1972. The **World Bank** began to fund environmental projects in the 1980s. The **World Health Organization (WHO)** has been instrumental in addressing global health issues.

In 1987, the **Brundtland Commission** published the report **"Our Common Future"**, which introduced the concept of **sustainable development**. This concept emphasizes the need to meet the needs of the present without compromising the ability of future generations to meet their own needs.

The **United Nations Conference on Environment and Development (UNCED)** was held in Rio de Janeiro in 1992. It resulted in the **Agenda 21** action plan and the **Convention on Biological Diversity**.

The **World Summit on Sustainable Development (WSSD)** was held in Johannesburg in 2002. It reaffirmed the commitment to sustainable development and set the **Millennium Development Goals (MDGs)**.

The **Paris Agreement** was adopted in 2015 at the **COP21** conference in Paris. It is a landmark agreement in the history of international climate change negotiations.

The **United Nations Sustainable Development Goals (SDGs)** were adopted in 2015. They are 17 goals that cover a wide range of issues, including poverty, inequality, climate change, and environmental protection.

The **Paris Agreement** and the **SDGs** are the most recent and comprehensive international agreements on sustainable development.

ΣΤΕΡΕΟΤΥΠΑ ΚΑΙ ΔΙΑΚΡΙΣΕΙΣ

ΤΩΝ ΔΥΟ ΦΥΛΩΝ

ΟΜΟΦΙΛΕΣ

Ομοφυλικός είναι ο άνθρωπος που έχει σεξουαλική έλξη μόνο για άτομα του ίδιου φύλου. Ομοφυλική είναι η έλξη που αισθάνεται ο άνθρωπος για άτομα του ίδιου φύλου. Ομοφυλικότητα είναι η κατάσταση στην οποία ο άνθρωπος αισθάνεται έλξη μόνο για άτομα του ίδιου φύλου.

ΑΙΤΙΕΣ

Η αιτία της ομοφυλικότητας είναι ακόμα άγνωστη. Υπάρχουν όμως μερικές θεωρίες που εξηγούν γιατί κάποιος γίνεται ομοφυλικός. Μία από αυτές είναι η θεωρία της έκθεσης. Σύμφωνα με αυτήν, ο άνθρωπος γίνεται ομοφυλικός όταν μεγαλώνει και έρχεται σε επαφή με άτομα του ίδιου φύλου. Άλλη θεωρία είναι η θεωρία της γενετικής. Σύμφωνα με αυτήν, η ομοφυλικότητα είναι κληρονομική.

ΣΗΜΕΡΑ & ΠΑΛΙΑ

Σήμερα, η ομοφυλικότητα είναι αποδεκτή και νόμιμη σε πολλές χώρες. Παλιά όμως, η ομοφυλικότητα ήταν καταδικασμένη και οι ομοφυλικοί άνθρωποι αντιμετώπιζαν διάφορα προβλήματα. Σήμερα, οι ομοφυλικοί άνθρωποι ζουν όπως οι ετεροφυλικοί, χωρίς να αντιμετωπίζουν καμία διάκριση.

ΚΟΙΝΩΝΙΚΕΣ ΠΡΑΞΕΙΣ

Οι κοινωνικές πράξεις είναι οι πράξεις που οι άνθρωποι κάνουν για να δείξουν την ομοφυλικότητά τους. Αυτές μπορεί να είναι το να φοράς συγκεκριμένα ρούχα, το να κάνεις συγκεκριμένα χειρονομίες ή το να μιλάς με συγκεκριμένο τρόπο. Οι κοινωνικές πράξεις είναι ένας τρόπος να δείξεις στον κόσμο ότι είσαι ομοφυλικός.

ΕΞΕΛΑΒΕΝ

Εξέλαβεν είναι η πράξη να δέχεται κάποιος κάτι ή κάποιον. Στην ομοφυλικότητα, η εξέλαβεν μπορεί να είναι η πράξη να δέχεται κάποιος την ομοφυλικότητα ή να δέχεται κάποιον ομοφυλικό. Η εξέλαβεν είναι ένας τρόπος να δείξεις στον κόσμο ότι είσαι ομοφυλικός.

DNA XPOS

Genetic testing is a powerful tool that can help you understand your health and ancestry. It can identify genetic mutations that may increase your risk of certain diseases, such as cancer, heart disease, and Alzheimer's. It can also help you learn about your family history and your relationship to other people. DNA testing is a relatively new technology, but it has become increasingly popular in recent years. There are many different types of DNA tests available, and each one has its own strengths and weaknesses. It's important to choose a test that is right for you and your needs.

TUMOR & TREATMENT

Tumors are abnormal growths of cells that can be benign or malignant. Benign tumors are non-cancerous and do not spread to other parts of the body. Malignant tumors are cancerous and can spread to other parts of the body. There are many different types of tumors, and each one has its own characteristics. The treatment for a tumor depends on its type, size, and location. Some tumors can be removed with surgery, while others may require chemotherapy or radiation therapy. It's important to see a doctor if you have a tumor, so they can determine the best treatment for you.

KOLIKHINITS KOLIKHINITS

Kolikhinits is a rare genetic disorder that affects the brain. It is caused by a mutation in the COL1A1 gene. The symptoms of Kolikhinits include intellectual disability, seizures, and skeletal abnormalities. There is no cure for Kolikhinits, but treatment can help manage the symptoms. It's important to see a doctor if you have a child with Kolikhinits, so they can provide the best care for them.

ERMA & EYCH

Erma and Eych are two different types of genetic testing. Erma is a type of DNA testing that can help you learn about your family history and your relationship to other people. Eych is a type of DNA testing that can help you identify genetic mutations that may increase your risk of certain diseases. Both types of testing are relatively new technologies, but they have become increasingly popular in recent years. It's important to choose a test that is right for you and your needs.
